

## RR4146 LID FOR ROLLING ROOF FOR ROLL-ON-OFF CONTAINERS

*LIGHTWEIGHT - ROBUST - USER FRIENDLY - COST EFFICIENT*

For a 6m by 2.4m roll-on-off container, you will need:

- 12 RR4146 DuraFlex lids,
- Full assembly kit with steelwork & wheels.

Two sections of 6 lids each make up the rolling roof.

Maximum open area would be 2.3m x 2.85m and this could be at either end of the container body.

Please feel free to contact us for further information about fitting & operating our rolling roof.
